

# Catalogue 2016/2017

edding is versatile!

## **Dear Customer**

At edding our aim is to provide the perfect solution and application for our numerous target groups.

Professional markers for our specialist users, teaching and presentation aids, printer cartridges and toners, all form as important a role in our range as the intelligent solutions designed to help you organise and repair your home.

Fans of Creating and Decorating can select from a wide range of pens and markers available in an array of brilliant colours. So whether you are working on paper or more specific materials such as wood, porcelain or metal - striking results are guaranteed.

And there's something for children too - our Colour and Play range features a wide selection of high-quality, safe products that are not only fun to use, but also help to support children's creative development.

Our many experts at edding are just as versatile, both in terms of marketing and product development, focusing on their target group and incorporating user feedback directly into account when developing future product ranges and communication tools. But there's one thing that all our employees have in common - they have edding ink running through their veins, which ensures that only genuine edding quality ends up on the shelves.

Naturally, our wide product portfolio also needs to be presented and communicated professionally and we place great value on your expertise to help us to support and advise all our consumers. As a trading partner our edding sales team will always help you in creating an optimal product range and can assist you with a range of communication materials, as well as our POS shop solution - which can expertly guide your customers through our product range in-store.

Finally, independent studies have shown that our extensive range of services and the excellent cooperation with you, our trusted partners, has been delivering mutual success and satisfied consumers for many years.

***And we look forward to continuing this collective edding success story in the coming year!***

# Professional Marking

Professional, precise, problem-free: The edding “Professional Marking” range is the ideal assistant for consumers from the industrial, trade and medical sectors who can’t afford to make mistakes. The reliable professional products in this category with their special quality features are tailored to highly specific applications and needs. A range you can trust, even aerospace and cleanroom environments.

# Permanent markers

For writing, marking and labelling on almost all materials, including metal, plastic and glass. Lightfast and quick-drying. Waterproof and wear-resistant on almost all surfaces. Waterproof ink with no added toluene/xylene. Almost all products are refillable.

# Educating and Presenting

Stop talking about it and start visualising it! Visuals to back up what you are trying to say are indispensable, particularly when giving presentations. After all, visual communication boosts understanding and improves information retention. Whether in conference rooms, the office, lecture halls or the classroom: the edding whiteboard, flipchart, permanent and non-permanent pens will not let you down.

## Whiteboard markers

For writing and marking on whiteboards. Dry-wipeable from virtually all non-porous surfaces such as enamel, glass and melamine. Thanks to the "cap-off" ink, the cap can be left off for a few days without the marker drying out. Lightfast and quick-drying. With no added butyl acetate. Almost all products are refillable.

### edding 360 whiteboard marker
